Shri Maulikrupa Dnyanadan Annadana Sanstha Alandi Pune

Our Running Project /Vision

- ☉ Sri MauliKrupa Dnyanadan Annadana Sanstha was established in 1998 and is a community driven charitable organization committed to serving humanity through food donations (Annadan), education support (Dnyanadan) and social welfare initiatives. Over the years, we have been involved in organizing food distribution camps during religious gathering and pilgrimages such as Ashadhi and Kartiki Yatra where over 2 lac devotees are provided meals. In addition, our daily meal program supports over 170 visitors on pilgrimages. We also focus on preserving cultural heritage and promote moral values through Gurukul based education. Currently we support over 130 children with school kits, uniforms and daily meals (breakfast, lunch & dinner), so that they focus on studies. All this is possible through collaboration with donors, volunteers and partner organizations who help us to create meaningful and lasting impact.
- ☉ Our vision is to build a compassionate, inclusive, and self-sustaining society where no individual suffers from hunger, lack of education, or absence of care - especially during large spiritual gatherings like the Ashadhi Ekadashi and Kartiki Ekadashi.
- ☉ We aspire to become a trusted pillar of support for millions of devotees participating in the sacred Sant Dnyaneshwar Palkhi Sohala, by building a well-organized, scalable seva system that ensures food, safety, and dignity for every pilgrim across the journey from Alandi to Pandharpur. Beyond immediate service, we envision creating a long-term ecosystem where Annadan (food), Dnyanadan (knowledge), and Seva (service) work together to transform lives at the grassroots level - empowering rural communities, nurturing value-based education, and promoting self-reliance.
- ☉ Our ultimate vision is to bridge devotion with development - where faith-driven gatherings become opportunities for large-scale social impact, and where every act of service contributes towards building a stronger, more humane, and united society.

Mission

- ☉ To actively eliminate hunger by conducting regular and large-scale Annadan (food distribution) programs for the needy and pilgrims.
- ☉ To empower underprivileged children and youth through accessible education support, skill development, and value-based learning.
- ☉ To create reliable support systems for pilgrims and vulnerable communities, ensuring safety, dignity, and basic facilities.
- ☉ To promote self-reliance by encouraging individuals and communities to become independent and capable of sustaining their own growth. To preserve and spread Indian cultural values and traditions through community programs and awareness initiatives. To build a strong network of volunteers, donors, and partners who contribute towards consistent and scalable social impact. To ensure that every initiative is driven by transparency, accountability, and genuine seva bhav, creating long-term trust within society.

* Our Work

We work with a mission to uplift underprivileged individuals and communities by ensuring access to basic necessities like food, shelter, and value-based education. Rooted in compassion and cultural values, our organization actively supports pilgrims, rural children, and needy families through sustainable and volunteer-driven efforts. Over the years, we have been involved in organizing food distribution camps during religious gatherings and pilgrimages such as Ashadhi and Kartiki Yatra, helping thousands of Varkari devotees. We also focus on preserving cultural heritage, promoting moral values through Gurukul-based education, and supporting community welfare programs. Our initiatives are driven by the belief that every individual deserves dignity, care, and opportunity. Through collaboration with donors, volunteers, and partner organizations, we continue to create meaningful and lasting social impact.
